

# Troubleshooting DHCP

---

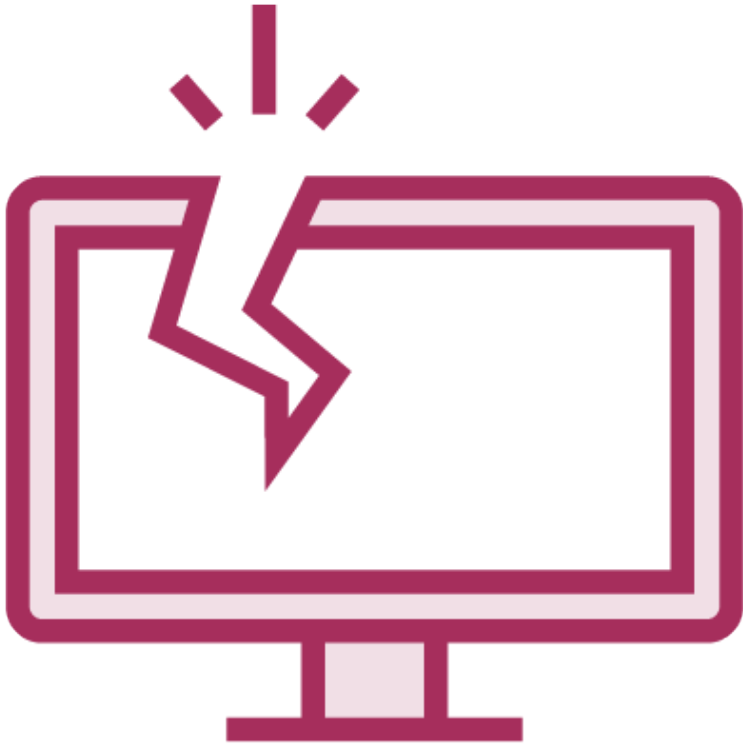

**Greg Dickinson**

NETWORK ENGINEER

@GBDickinson [www.hyperpowered.com](http://www.hyperpowered.com)

# Troubleshooting DHCP

## Two main categories:

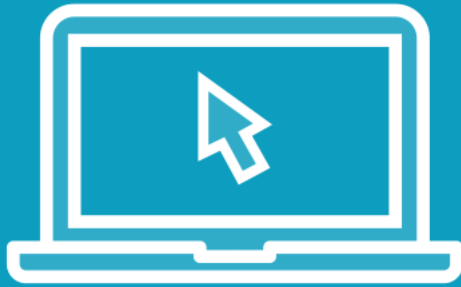

- Connectivity (communications)
- DHCP Server configuration

**Ensure firewalls allow UDP and broadcast/multicast traffic**

**Check network cabling for loops**

**Check the ACLs!**

# Demo

## Examine DHCP on Cisco

- Pool configuration
- Relay agent configuration
- Networking configuration
